

Submitter: Jina Lange-Olson

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Please do not support this bill. This will allow criminals to stay near schools, churches and private tax paying citizens property. I personally have criminals and homeless people camping around my neighborhood. They leave their area soiled with human waste, which is a bio hazard. They leave their garbage which attracts rodents, creating more ways for infectious diseases to be spread. If the states allows this to continue you will make neighborhoods, sidewalks and wherever these individuals and groups of people to create a biohazard and bring on illnesses.

To solve the tax paying issue, then implement a sales tax on all goods sold and get rid of income tax. That way all citizens pay tax not just those that earn an income.
