

Submitter: Laura Crawford  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB2756

I live a couple of blocks from Hall Boulevard. The state of this road is dismal. Driving, walking, biking on it are all terrible experiences. I would love to ride my bike down Hall and go to downtown Tigard to the farmer's market, but the state of Hall Boulevard often gets in the way. This is a connection point for residents of Tigard to be able to operate in their community. Yet, the state has left the road falling apart. Transferring the jurisdiction of Hall Boulevard would allow the city of Tigard to take ownership and help it's own residents. The city of Tigard has shown me over the past 6 years of living here that they care about the every day lives and experiences of their residents. Allowing the city to take ownership will allow residents to have a voice in accessibility and transportation in their own community. Please vote yes on HB 2756.
