Dear Chair Golden, Vice Chair Girod and Members of the Senate Committee on Natural Resources:

I am writing to express our strong support for HB 3464: Enhancing Oregon's Fire Resiliency and Water Security through Beaver Management. Given the powerful benefits that beaver provide for our watersheds and landscapes, we are clear that this bill would be beneficial to the habitats and biodiversity contained within the Cascade-Siskiyou National Monument as well as to the people and communities who live in close proximity to it.

We are thrilled by the bi-partisan support HB 3464 is receiving and are happy to add our voice to the growing list of supporters.

Thank you for your time and for your commitment to supporting the health and well-being of our communities.

Sincerely,

Collette Streight
