I'm in opposition to this "anti militia " bill. First pretty much all able bodied males are part of the militia whether they or the legislature are aware of the fact (look up the Dick act also known as the militia act) so the bill would be against the law I believe this is aimed at the proud boys who were started in response to antifa terrorizing our cities for a couple of years and this bill is misguided at best. You would do better in creating anti protest mask bills, like they did to fight masked groups like the KKK. Get rid of being anonymous behind a mask and see how fast these groups go away.
