Measure: HB2572

Greetings,

What is being proposed is yet another ill conceived and sloppily written piece of legislation.

A piece of legislation that purports to combat criminal actions but in reality will make ordinary innocent activities and training illegal.

This bill could conceivably make security companies criminals.

It could be applied to activities as innocent as a gathering of groups such as the Society for Creative Anachronism conducting training on medieval combat as "unlawful paramilitary activity".

A paintball club training as a team for sport.

All would or could be charged under this bill.

And due to how it is written will not cover groups like "ANTIFA" conducting training on how to disrupt the public going about their peaceful business.

Are there not laws on the books concerning conspiracy that would cover illegal activities this bill tries to address ?

I would urge a no vote on this bill, send it to the trash bin. .

Thank you.
