

Submitter: Phil Jones  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB2572

This bill is just one more nail in the coffin of civil liberties. Our rights as law abiding citizens are being violated and eroded by giant steps. Criminals are running rampant. Look no further than the democratic run big and now lesser cities to see the obvious consequences of weak and feckless leadership. We need some radical and sensible reforms and policies.
