Measure: HB2572

I am sick and tired of having to defend my rights. It is clear that this is a clear violation of my second amendment rights it should stop there. Doesn't our constitution mean anything to our elected officials it was written for a specific purpose. Every time I turn around the government of this state is trying to chip away at our rights. Why don't we try doing something that actually makes sense like actually prosecuting criminals or treating the mentally ill. Folks you are barking up the wrong tree gun free zones aren't gun free the criminals don't follow the law.
