

Submitter: Jeremiah Kintz
On Behalf Of:
Committee: House Committee On Rules
Measure: HB2572

I would just like to say that among other things, this bill goes against both the first and second ammendment. It will deny the ability for myself and fellow law abiding, safety conscious friends & family to gather & train on how to stay consistent on how to safely & effectively handle our firearms. That in turn goes against me being able to protect myself and/or potentially others & their families effectively, (God forbid I ever have to) and also make criminals out of us, again, law abiding, safety conscious citizens. I grew up in Oregon, doing activities like target shooting with family and friends and its a crying shame what bills like this are doing to this state, especially at a time where people are acting more wild than I've ever seen in my 40 years of living here, born & raised. These bills are slowly stripping us of our constitutional rights and it's not even about red vs. blue, it's about complete power & control through any means necessary. Criminals do not care about laws, crime is in their name & they, will always have firearms. Thank you for your time.
