

Submitter: Marlene Acker

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SB85

To those who have written and sponsored this bill, and other supporters, please consider the efforts of the farmers to bring food to you so all you have to do is drive a few miles to the store to purchase your food. The farmers and food producers work diligently to follow the rules you have already imposed, which are considerable. Simply put, do not bite the hand that feed you!

Marlene Acker
