

Submitter: Jill Suydam

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB2756

Hall Blvd needs resources devoted to safety and maintenance. It is both unpleasant to drive on and dangerous or impossible to walk. This cuts down pedestrians ability to walk around Tigard and as a driver, I avoid it when I can which is unfair to local businesses. I fully support dedicating time, money and resources to build complete sidewalks and maintain the road.
