

Submitter: Timothy Luke  
On Behalf Of:  
Committee: House Committee On Revenue  
Measure: SB1012

I am a wildfire survivor. Our home was destroyed and insurance covered value at "time of loss". Within 6 months building materials and everything else skyrocketed to unbearable costs. The fire was not our choice or in our control to lose our home, therefore I feel strongly the property tax should be held at original value for as long as possible. We have ALL suffered enough financial trauma along with other!.

Thank you,  
Tim Luke
