Measure: HB2572

I understand the intent of SB2572 was with good intentions. Unfortunately, the way this is written it would be a detriment to innocent people in the event of a major event/emergency where help would likely not come fast enough. If Oregon had a major earthquake, emergency personnel would not be able to make it to all in need in a timely manner. Looting would likely take place. And neighbors would likely gather to protect each other and their property. This would make that criminal. I can provide many more examples of just how this bill actually harms, rather than helps. Please listen to your constituents and hear their voices. Vote No on this bill. Thank you.
