Measure: SB5506

Dear Joint Ways & Means Committee of Oregon,

I urge you to invest in our communities now instead of putting more money into reserves.

The Budget Framework currently leaves out critical community-centered investments and policies that Oregonians need now. With historic levels saved—over \$2 billion—we have the means to rise to the challenges of the day.

We need investments in our local communities to share in the state's preparedness plans and to create better efficiencies for managed resources.

Oregon families cannot wait any longer for investments in our communities and in the future of our state. We must prepare now for any future economic downturn by investing in what gives our communities the opportunity to thrive and reduce demand for services in the future.

Sincerely,  
Elizabeth Dix
