On Behalf Of:

Committee: Joint Committee On Ways and Means

Measure: SB5506

My name is Shania and I am writing in support of Senate Bill 610, for All Oregonians. I want to support this bill because it would insure all Oregonians to be provided with food. Where their immigration status doesn't matter and that would put my family in a better position with food at home. But this bill would help a lot of people including my family.
