Measure: HB2098

I support replacing this bridge, but oppose HB 2098 -2 and -4, because this legislation as currently written jeopardizes a right-sized Bridge Replacement, right now. I support the -3 Amendment (and the policy recommendations offered by the Just Crossing Alliance) that ensures this replacement bridge project moves forward smoothly with a right-sized design, explicit pro-labor provisions, financial guardrails, and major investments in mass transit. We need a clean bill focused solely on the replacement of this bridge so we secure immediate federal funding and prepare to hold a statewide conversation about the rest of our transportation system in future years.

Bigger bridges just make it easier and cheaper for people to drive which means more traffic.
