

Submitter: Candice Guertin

On Behalf Of:

Committee: House Committee On Education

Measure: SB736

I am writing in favor of SB 736 "Requires Department of Education to conduct study to identify how to increase access to advanced instruction for purpose of preparing students for college and career". I am a child and family therapist working in the city of Beaverton. I work with gifted children and know they would greatly benefit from early access to advanced instruction. I have many clients whom are bored at school and advanced instruction allows them to be more engaged and prepare in advance for college and post high school education.

Thank you,  
Candice Guertin  
Child and Family Therapist
