

Submitter: Richard Dickinson
On Behalf Of:
Committee: House Committee On Rules
Measure: HB3414

I oppose HB 3414 for many reasons, but mostly because it undermines hard work that we have been doing to protect the environment over the years, while not giving any assurance that it will really promote the middle and low income housing that our society currently needs. HB 3414 is a poorly written bill that takes power away from municipalities, removes the teeth from important environmental laws, and gives developers too much free reign.

I strongly oppose HB 3414!
