

Submitter: Larry Diffie

On Behalf Of:

Committee: House Committee On Judiciary

Measure: SB895

There are so many drivers that just do not know what to do or when to do as they approach cyclists near the shoulder of the road. Many pass on yellow lined road centers anyway, and oftentimes in the face of on-coming traffic which then becomes a hazard to all parties. Having something with clarity would be beneficial to drivers and riders.

Thank you!
