

Submitter: Steven Oster

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: SB422

I support the lane splitting measure to promote safety for motorcyclists and a reduction of traffic for everyone. As traffic congestion gets worse and drivers more distracted, we need a measure that can promote safety. This is our chance to bring something positive to the state. This is a step in the right direction and I hope to see Oregon take this important step. Thank you!
