

Submitter: Jonathan James

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: SB422

Hello my name is Jonathan and I have had my motorcycle license in Oregon for 7 years. I am a very safe and responsible rider who has never been sited for speeding or any illegal rider activities. I am writing today in support of SB 422 because it will be a net positive for both riders and drivers. It will increase rider safety and reduce traffic congestion for drivers and produce less CO2 gas in the environment.

Thanks for your consideration
