Measure: SB422

I'm an Oregon motorcyclist, and I support SB 422. This bill will help bring Oregon's policy on motorcycle transportation up to speed with much of the rest of the world and help the ever-growing issue of congestion in our urban and suburban spaces. It will also have a positive impact on motorcyclist safety since being rear-ended in congested stop-and-go traffic is one of the primary risk to motorcyclists when commuting on highways.
