

Submitter: Craig Blair

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: SB422

Dear Legislators,

Thank you for your service.

I am writing you to ask for a yes vote on SB 422. My motorcycle can not idle for very long without damage. If traffic is stopped I must shut the engine down and park, or leave the freeway if I can. SB 422 lane sharing would protect myself and my time and monetary investment. SB 422 is safe, reduces congestion, is environment and motorcycle friendly.

Sincerely,  
Craig Blair
