

Submitter: Debbie Marlow

On Behalf Of:

Committee: House Committee On Rules

Measure: HB3414

I wish to submit my opposition to HB3414. I don't believe that this will mitigate the homeless crisis in the least. Giving blanket approval to developers to increase housing in whatever means will quickly make them a lot of money is not the answer. Existing environmental rules and regulations must continue to be enforced and not brushed aside in the name of development with no oversight.
