

Submitter: Pamela Wimmer  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: SB166

Measure: SB166 has so many things wrong with it starting with it being initiated by the recently discontinued and shamed holder of the office of the Secretary of State - Shemia Fagan with a 5 page document which was amended by 35 pages! this is a clear sign of Government Overreach. And it happens all too often.

I oppose this bill. There is not time to explain why.

We the People do not want this bill. You represent us. Please do your jobs.  
Thank you
