

Submitter: Asha Singh  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure: SB1090

I support permanent standard time as the healthiest, safest, most family friendly way to end seasonal clock change. This is endorsed by the medical community including the American Medical Association as well as the National Safety Council and National Parent Teacher Association.

I endorse filing of the Sleep Protection Act Draft bill which requires a federal sponsor to file.

We want legislators to oppose S.582/H.R.1279 Sunshine Protection for permanent Daylight Saving Time.

I am sending you a 1 pager as well as talking points.
