Measure: SJR26

I oppose SJR 26. Currently, this is unconstitutional, since you are wanting to amend the Oregon Constitution to keep surplus tax money. It goes against the Oregon Constitution to take away the kicker and keep the surplus of revenue. This is another money grab from the government to steal the kicker from hard working taxpayers. After Oregonians have worked hard and endured the ridiculousness of the last three years with increasing regulations, inflation, and more taxes, this bill proposes to keep surplus tax dollars. We are looking forward to receiving our hard-earned dollars back in this economy where we have to work longer hours to make a decent living. I would have thought you would have more respect for the people who put you in office.
