

Submitter: LaNita Hafer

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

The revenue forecast is beyond expected; this is a difficult time for taxpaying citizens in Oregon — return their investment, so they can be contributing to the welfare of their neighborhood, city, and state. Refund their money! You break the law when you don't submit a balanced budget, and Subsuming the kicker is theft!
