Measure: SB774

Oppose. Why do Oregon legislatures want to propose a bill to keep surplus tax revenue rather than return it to taxpayers? How is this bill to withhold surplus tax revenue not oppressive? How does this prioritize best interests of Oregon tax payers? Instead this bill proposes to continue oppression of Oregonians. First by taxing higher than estimated tax should be, and then holding the surplus rather than refunding tax payers. I can't see how this is anything but oppressive, malicious, and unkind toward the very people you serve. Please oppose, and stop this bill. Please promote good and prioritize the welfare of Oregon taxpayers. This is a greedy bill, and demonstrates the heart intent of legislatures so willing to take more from Oregon tax payers.
