On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB502

With the state of Oregon already spending/wasting millions of dollar on immoral acts and repugnant liberal purposes the action of stealing our tax kicker is just another blow that our Founding Fathers talked so much about in the US 2nd Amendment. We are being over taxed to begin with, then double taxed and this is an act of tyranny and makes those onerous politicians that vote yes, enemies of the people.
