

Submitter: Claire Young

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

Let Oregonians keep their own money! We are in a recession. I have never seen so many mothers in Facebook groups posting that they do not have enough money to feed their children. There is a surplus for a reason. Give back what was taken in excess of what was needed, as the constitution compels you. Hardworking Oregonians need this money more than the state does. I oppose this bill.
