*FISCAL: Has minimal fiscal impact*

*REVENUE: No revenue impact*

**BACKGROUND:**

Cosmetology broadly refers to the study and application of beauty treatment. In Oregon, the Board of Cosmetology issues licenses for the professions of barber, esthetician, hair design, nail technologist, and natural hair care. The Board of Cosmetology is one of 17 health profession boards, councils, or programs housed in Oregon Health Authority's Health Licensing Office (HLO).

Senate Bill 217 A would transfer the responsibility for establishing educational requirements for the practice of cosmetology from State Board of Education to the Board of Cosmetology with approval by the Health Licensing Office and make other clarifications relating to the regulation of cosmetology.
