CCO Oregon

CCO Oregon is a statewide, nonprofit 501(c)(3) member association that convenes payers, providers, hospitals, clinics, and other delivery system partners to advance the coordinated care model and health transformation.

CCO Oregon creates space for health care payers and providers to engage in action-oriented discourse that leads to strategies and solutions to maintain costs, provide better care, improve outcomes, sustain a high quality workforce, and meet patient social needs.

CCO Oregon engages our membership through our [annual conference](#) and monthly workgroups focused on Behavioral Health, Oral Health, Pharmacy, Government Relations, CCO Contracting, and Social Determinants of Health.

CCO 101

- In 2012, the Oregon State Legislature passed [SB 1580](#) authorizing Coordinated Care Organizations (CCOs) to achieve the Triple Aim of better health, better care and sustained costs
- CCOs are contracted with OHA to deliver Medicaid aka Oregon Health Plan (OHP) benefits
- In 2022, we celebrated the 10th anniversary of Oregon's coordinated care model

Coordinated Care Organization 2.0 Service Areas

CCO 101

- 1,501,589 Oregonians are on OHP and almost 92% (1,379,960) are enrolled in an CCO; 121,629 OHP members are on Open Card aka Fee for Service ([see OHA's May 1st enrollment report](#))
- CCOs receive a global budget to provide primary care, behavioral health, and oral health as well as social health needs and programs like non-emergent medication transportation (NEMT) that are integrated and coordinated
- CCOs and their provider network are subject to hundreds of reports, metrics, audits, and other deliverables for means of oversight, best practice identification, and areas for improvement
- Local community members and providers work with CCOs through their Community Advisory Councils, Governing Boards, and key deliverables like the Comprehensive Behavioral Health Plan and the Community Health Improvement Plan
