The CareOregon Family

CareOregon is a mission-driven, community based non-profit organization. For almost 30 years, CareOregon has offered health services and community benefit programs to Oregon Health Plan members. Today, we support the needs of over 500,000 Oregonians through three coordinated care organizations, a Medicare Advantage plan, a Tribal Care Coordination program, an Indian Managed Care Entity, a dental care organization, and in-home medical care, palliative care and hospice with Housecall Providers. CareOregon members have access to integrated physical, dental and mental health care, and substance use treatment. We believe that good health requires more than clinics and hospitals, so we also connect members to housing, fresh food, education and transportation services.

Real Impact

"I cannot express how much this will help my children and their asthma and respiratory issues. Having a house full of children with asthma is difficult enough. But being able to have this resource and it delivered to me along with the proper education is a huge help."

A caregiver who had competing demands on their time, said:

"I cannot believe you would take time out of your busy schedule to deliver this to me. The only free time I get to run errands is normally in the evening. I cannot express my appreciation enough for you bringing this out. It will help my resident more than you know."

Columbia Pacific CCO

Mimi Haley, Executive Director

CPCCO serves:

- +38,000 members in Clatsop, Columbia, and Tillamook Counties

Mission

Partnering for healthy members and community well-being

Vision

Helping those in need reach their highest potential by providing services that support their social, emotional and physical health

Values

Transparency, Accountability, Honesty, Respect, Commitment

Our Community Promise

In partnership with local communities, CPCCO promises to focus on supporting the need of OHP members within our communities, with special attention to children. Developing safe and healthy communities will help to support the emotional, social and health needs of our children and their families so that they can ultimately reach their highest potential.
