

Submitter: Mark Harris

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2571

I am an avid bike rider in my 60's and would jump at the chance to buy an electric bike to use on my commute. I feel I would use it instead of the times I have to drive my car. With the threat of the climate emergency, the sooner we pass this bill and allow Ebikes to be more affordable for everyone, the better off our planet will be!
