

Submitter: Elizabeth Luthy

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB619

Dear Senators on the Judiciary Committee,

I'm old and no match for intrusive Corporate theft of my personal data. We need legal protection from those who prey upon us and steal our information for their profits. Oregon is not alone in recognizing, but somewhat late, the need for government regulation. Five states (California, Virginia, Colorado, Connecticut, and Utah) have already taken the step.

Please follow the lead of the Virginia Consumer Data Protection Act (VCDPA), as Colorado, Connecticut, and Utah have already done. Pass SB 619 and protect us from Corporate data theft.

Respectfully submitted,
Elizabeth Luthy
