

Submitter: Ashley Knight
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3214

I support banning the abuse of animals to force them to perform tricks they would not perform naturally. Bears do not need to ride unicycles, lions do not need to jump through fire hoops, and so on. All circuses investigated have violations of the AWA. It is not enough to enforce animal cruelty laws, we need a flat out ban on using them in this way.
