Measure: HB3214

I fully support this bill as written.

Perhaps if those opposed to it are worried about being criminalized, they can seek out accreditation by the Association of Zoos and Aquariums, the World Association of Zoos and Aquariums or the Global Federation of Animal Sanctuaries. If they are unable to meet the welfare standards required by these institutions, perhaps they should modify their animal welfare policies to be in line with the global standards, instead of punishing lions, elephants, and kangaroos that are to be protected by this bill.
