

Submitter: Toni regan

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3214

Animals do not belong in the circus! They can not consent and therefore have no business riding scooters or jumping through fire. They only do these things because they are beaten into submission as babies. What is that teaching our children? It is completely inappropriate. They are only out of their traveling crate 1% of the time to perform the tricks and then get sent back to solitary confinement. Outlaw this now by passing HB 3214!!
