On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3214

House Bill 3214 sponsored by Zach Hudson must be stopped. Animal owners of pets and livestock have assumed the role as lifetime caregivers of these creatures. Animals used in performances exhibitions and displays receive quality care and treatment. These animal Acts or displays only promote the concept of animal love care and ownership. The actual real world animal cruelty takes place in Mother Nature's Animal Kingdom. If representative Hudson really wants to do some good for Animals than he needs to spend his time working on stopping the Carnage on wildlife, pets, and livestock caused by these God damn wolves in the state of Oregon and other predators that Hudson seems to be conveniently ignoring. Stop HB3214 NOW! IT VIOLATES THE CONSTITUTION HUDSON TOOK AN OATH TO PROTECT. ANY LEGISLATOR THAT SUPPORTS THIS IS ALSO VIOLATING THEIR OATH SO KEEP THAT IN MIND.
