

Submitter: Paul Diller

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB3090

Dear Chair Nosse & Vice-chair Goodwin:

I urge you to pass House Bill 3090 out of committee. This bill will make it more difficult for the vaping companies to ensnare children in using their products. Washington and Multnomah Counties have already passed such bans, although the vaping companies and convenience stores are fighting Washington County's ban in the courts tooth and nail. There is no doubt as to the state's authority, under the police power, to protect the health, safety, and welfare of its residents by passing a law such as this. Several other states and cities have banned flavored vaping products and Oregon should join them if it wants to be a national leader in public health.

Sincerely,  
Paul Diller  
Wilsonville
