

Submitter: Barb Davies

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I would like to oppose this bill. Utilities, contractor fees, home materials, maintenance fees, HOA fees and landscaping fees are jumping through the roof. I need to be able to make my mortgage payment as well as keeping up with all the other fees. My landscaper along is increased his fees this year by \$180 a month as he had to increase the amount he had to pay his employees. Thank you for your consideration.
