Committee: House Committee On Behavioral Health and Health Care

Measure: HB3090

Dear legislators,

As a public school teacher and administrator with over 20 years of experience, I have witnessed a resurgence of tobacco use among middle and high school students since the advent of flavored tobacco products. There is no doubt in my mind that these products have been marketed to entice underage users. I strongly support banning flavored tobacco products to protect the health of students across Oregon.

Sincerely,

Kara A. Thompson
