

Submitter: Greg Carlson

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

The current legislation has only been in affect for a couple years now. Why would there be a need to change it, let alone increase the amount owed? No where else in the US does a landlord have to pay the current amount(s) to have a tenant leave their rental.

Stop the silliness and focus your efforts on resolving the homeless crisis that has RUINED Portland.

I oppose this bill.
