

Submitter: Matthew Posey

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3214

I oppose this bill on multiple levels. This is going to hinder the revenue the states county and state fair along with county rodeos. This is also going to hinder our youth with work ethics and their ability to be future entrepreneurs. This is also a hinderance on these animals when they are bred for these types of things. It's taking away our ability to help improve our breed standards. You also taking away jobs from people who've went to school and studied animal genetics in ranch and farm settings. This is also an attempt to take away people's way of life. My main question is why are we so concerned with the mindset of those who are against others way of life to try and make everyone the same. We are the same we all have choices with multiple doors to go through in life. Quit trying to take our rights away and enforce new restrictions upon us all. These new laws don't better those in rural communities lively hood. The discount between city and rural life needs to stop!
