

Submitter: Danelle Hayden

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

Yo whom it may concern, I am writing to ask that you please, please consider passing SB 611. As a renter and someone who works very hard, having my rent go up significantly every year is going to push me out of this state. We cannot afford the high rents and the high increases that come with them. We love this state and want to stay but the more our rent goes up and our ability to afford a place decreases, we will either be homeless or move to a state that is affordable.
