

Submitter: CAROLE DEBORD

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3214

To Chairperson and Committee Members,

As an Oregon resident, I strongly support House Bill 3214 prohibiting the use of some animals in traveling animal acts. This is an excellent first step. Animals should only be used on display for educational purposes, and then only if rescued wild animals are deemed unable to return to the wild after rehab. Strict laws should be in place for transport & care of those animals used.
