

Submitter: Michael Tucker

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB3090

This is bad for businesses and the state because the state gets a 65% tax on all tobacco products and if you pass this bill you will be taking that money away from the state that could help it. This bill is not going to stop kids from smoking. They will find a way to get there nic I'm 25 as an adult I should be able to smoke what I want and in what flavor I want. Your hurting the people more then helping
