

Submitter: Jennie Kjos

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I am retired and have two rental properties that provide the majority of my income. If I cannot keep my rents up with the market value, I will sell these properties. With a shortage of rental units already, this will further decrease the supply. While my two units won't grossly effect the economy, other small rental owners will do the same.
