Measure: SB611

My name is Uyen Nguyen, a single mom of two disable children in NE Portland, Oregon. My rent will be raised 10% from April 1st, 2023. That's a lot. I was shock when I got the notice. Our SSI increase about \$50 monthly this year and my food stamp even goes down from \$248 to \$208 because my SSI was raised. Price of everything is going up, not just a few percent. Sometimes I have to eat ramen noodles so my kids can have full belly to go to bed. Utilities bills are going up too. I sincerely hope that you can pass the law SB 611 to lower the rent increase cap for Oregon renters like us. Thank you!
