

Submitter: Whitney HARDER

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

The big corporate companies that are buying up Oregon have taken advantage of every opportunity to raise the rent. My rent has gone up nearly 200.00 in only a few short years. What was affordable housing along the coastline is no longer affordable. Ive had to take on a second job to stay afloat. That leaves no room for home improvements or even upkeep. Because of other states moving in to the area the prices have skyrocketed in all things. We need to have security for our homes. Thank you.
